I do not have four legible pictures showing the vehicle in its condition prior to the beginning of any repairs to the vehicle because:

- The vehicle was purchased by applicant prior to January 1, 1995; or neither the applicant, nor the person who rebuilt the vehicle has had a vehicle inspected after that date.
- No pictures of damage to the vehicle are available from any insurance company that may have insured the vehicle.

I now understand that Trans.149.05(5)(a)(5) Wisconsin Administrative Code, requires the owner/applicant of a salvage vehicle to have four legible pictures of the salvage vehicle prior to any repairs made to the vehicle.

I also understand that any person who knowingly makes a false statement to the Wisconsin Department of Transportation in an application for title is guilty of a Class H Felony under s.342.06(2) Wisconsin Stats.
